Paramedic Scope of Practice

The County of Simcoe Paramedic Services employs full and part-time Paramedics, all of whom are certified as Primary Care Paramedics (PCP) through the Muskoka Base Hospital Program, under the license of an Emergency Physician. Paramedics are certified to administer medications to patients experiencing chest pain associated with a heart attack, shortness of breath, low blood sugar and altered levels of awareness due to diabetes and severe allergic reactions. Paramedics defibrillate patients with the delivery of an electrical shock to a patient who has experienced cardiac arrest.
